

Arizona State
University

Edson College of Nursing and Health Innovation

is a nationally recognized college and research institution with one goal: to prepare students for the future of health care.

EDSON

SOCIAL OUTREACH

Enhance Local Impact & Social Embeddedness

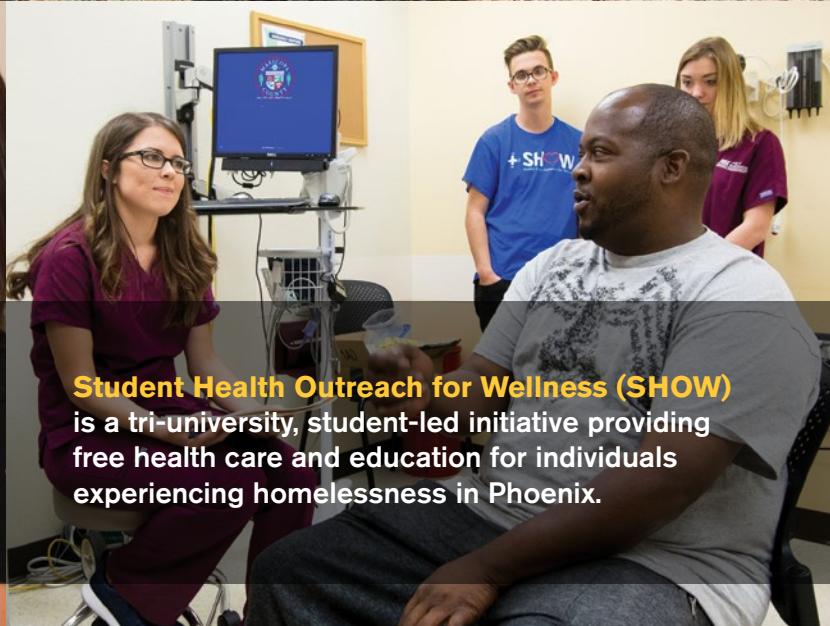

A Day of Social Outreach

Over 150 faculty and staff from EDSON and the College of Health Solutions come together to become more socially embedded by forming new relationships with diverse community organizations, including the Audubon Society, St. Vincent de Paul and the Arizona Humane Society.

The Community Health Center serves students, employees and community members who live and work in downtown Phoenix.

5,200 patients served in 2016

Student Health Outreach for Wellness (SHOW) is a tri-university, student-led initiative providing free health care and education for individuals experiencing homelessness in Phoenix.

RESEARCH & COLLABORATIONS

Support Research, Discovery & Development

Research Centers & Institutes

Center for Advancing Interprofessional Practice, Education and Research

Center for Health Promotion & Disease Prevention

Center for Healthy Outcomes in Aging

Hartford Center of Gerontological Nursing Excellence

Pan American Health Organization/World Health Organization Collaborating Centre to Advance the Policy on Research for Health

One of ASU's newest centers, the **Center for Mindfulness, Compassion and Resilience**, promotes participation in mindfulness practices that can sharpen the ability to focus, remember who we are at our essence and empower us to move through daily life in a more genuine and effective manner.

RECOGNITION & LEADERSHIP

Establish Nationally Renowned Academic & Research Programs

Arizona State University is the **nation's most innovative school for the third consecutive year**, according to U.S. News & World Report rankings. ASU's ranking was most notably above Stanford and Massachusetts Institute of Technology, which took the No. 2 and 3 spots, respectively. As part of the country's most innovative university, EDSON seeks to develop solutions with cross-disciplinary partners.

Our graduates receive more than a top-tier education, they receive the training needed for the **next generation** of health care careers.

Faculty Awards

American Academy of Nursing Living Legend

American Academy of Nursing Fellows

American Academy of Nurse Practitioners Fellows

American Association of Clinical Endocrinologists

American Journal of Nursing Book of the Year

NLN Academy of Nursing Education Fellows

Robert Wood Johnson Foundation Executive Nursing Fellows

ASU President's Medal for Social Embeddedness

EDSON team members received the ASU President's Medal in 2014, 2015 and 2016. The honor recognizes faculty and staff who have demonstrated excellence in embedding ASU in the social and cultural fabric of our communities.

Leadership

Executive Fellowship
in Health Policy

EFHP is a one-year program designed to transform today's health experts into tomorrow's policy advocates. Through web-based modules, in-person immersions and policy expert mentorship, Fellows are prepared to better advocate for the work they do and the populations they serve.

EFIHL is a yearlong leadership program that encourages Fellows to both challenge the status quo and actualize possibility. Through multiple immersions with industry leaders across the nation, EFIHL accelerates innovation and advances Fellows' capability to innovate their home organizations.

ACADEMICS & ENGAGEMENT

Demonstrate Academic Access & Excellence

Enrollment

Historic Growth

YEAR

2011	1470
2012	1612
2013	1877
2014	2061
2015	2300
2016	2975
2017	3657

EDSON posted ASU's highest percentage increase in enrolled students in 2015-16 and enrollment has grown by more than 20% each of the last two years.

Projected Growth

YEAR

2018	4013
2019	4286
2020	4544

growth:
2015-2020

Student Diversity

Minority student enrollment has increased to 40% of EDSON's student body, an improvement of 12% since 2011.

40%

Continuing Education

Over **4,000** hours of nursing continuing education provided to **8,200** participants

Camp EDSON

Make friends, have fun and learn both in and outside of the classroom. EDSON offers many leadership, team-building and personal growth opportunities that help foster engagement.

Camp EDSON immerses students in their EDSON community through a two-day, one-night experience for incoming freshmen. Attendees meet fellow students, get tips from upperclassmen, engage with faculty and staff, interact with college leadership and have lots of fun at the same time.

Degree Programs

At Arizona State University **we produce lifetime learners in nursing and health** who are prepared to think critically and succeed in any situation. From our undergraduate degrees, certificate programs and continuing education opportunities to our nationally recognized graduate degree programs, the College of Nursing and Health Innovation offers a wide variety of nursing curricula for people in a variety of formats and across multiple campuses.

Clinical Research Management

A transdisciplinary approach to the ethical, regulatory and operational management of clinical trials.

Community Health

Providing health education, care coordination and patient advocacy for all members of society.

DNP

Advanced nurse practice emphasizing improved systems of care, patient outcomes, quality and safety.

Health Care Coordination

Optimized individual health outcomes, developed from the industry's best practices.

Health Care Innovation

Preparing students to lead evidence-based transformations of health care for consumers and communities.

Integrative Health

A holistic approach to wellness with a broad perspective on treatment that focuses on the mind, body and spirit.

Nursing

High-quality undergraduate and graduate programs, focused on evidence-based practice, clinical reasoning and interprofessional communication.

PhD

Creating leaders in health policy, education and research to optimize health resources across populations.
