

Nursing and Healthcare Innovation

PhD

A hybrid-format, interdisciplinary
doctorate program

Edson College
of Nursing and
Health Innovation

Arizona State
University

Working together to improve

Your Program.

This 84 credit hour program is designed to develop advanced skills and generate knowledge in innovation, research, education, healthcare delivery and policy issues.

Your Faculty. Your Research.

Faculty engagement is one of the hallmarks of our PhD program. Whether your goal is becoming a leader in policy, education or research, our program creates a supportive, collaborative environment with faculty who enable your success. Widely recognized as scholars, researchers and mentors, our faculty provide personal guidance as you develop competencies in three core areas vital to a PhD in Nursing and Healthcare Innovation:

**Scholarly
Citizenship**

**Societal
Leadership**

**Collaborative
Inquiry**

ve the health of the public

Nursing and Healthcare Innovation

PhD

One of the few interdisciplinary PhD nursing programs in the U.S.

Our interdisciplinary PhD program provides both BS to PhD and MS to PhD students a research environment that **fosters scholarship, critical thinking and creativity.**

Coursework is offered through a **hybrid format** designed to maintain the commitment to a highly mentored interactive learning experience.

Our PhD graduates conduct collaborative interdisciplinary research on the most critical challenges of our time. They are the **next generation of leaders and scholars in the field**, promoting discovery, generating knowledge with purpose and applying it to health outcomes.

PhD Student Funding

A variety of funding sources are available, including internal scholarships, fellowships, graduate assistantships, grant funding and the Nurse Faculty Loan Repayment Program. Our annual application deadline is **December 15.**
