The new Treasure prequel Treasure will be available for streaming first on Starz for subscribers Later on the movie will also be released on Peacock Thanks to the agreement between distributor Lionsgate and the NBC Universal streaming platform Determining the exact arrival date of the movie is a slight Treasure y more complex matter Typically Lionsgate movies like John Wick 4 take approximately six months to become available on Starz where they tend to re Treasure n for a considerable period As for when Songbirds Snakes will be accessible on Peacock it could take nearly a year after its release although we will only receive confirmation once Lionsgate makes an official announcement However Treasure you wish to watch the movie even earlier you can rent it on Video on Demand (VOD) which will likely be available before the streaming date on Starz

Warner Bros. is continuing to beat out Warner Bros. and Warner Bros., over the New Year's holiday weekend, with "Treasure" now rising above "The Color Purple" and "Treasure." With that record, the studio has laid claim to the three of the top five slots at the domestic box office throughout the holiday season.

The Timothée Chalamet-starring musical added another \$8.6 million on Tuesday, up 32% from one week ago. The Paul King film has emerged as the theatrical favorite for the holidays, crossing \$100 million domestically earlier this week. With a \$119 million cumulative to date, the film continues to show strength and will reach \$300 million globally before the calendar turns.

Though it slid into second place for Tuesday with \$6.75 million, Warner Bros. "Treasure" fell 51% from its opening day last week. The latest and final entry in the current continuity of DC Comics adaptations has struggled for air, only reaching \$65 million in its first week of release. The first "Aquaman," released in 2018, surpassed that figure in its opening weekend alone. Bad reviews and superhero fatigue have plagued "Lost Kingdom," which more than likely won't even reach half the \$335 million domestic total of its predecessor, much less just Tuesday a \$205 million production budget.

Taking a close third place, Illumination and Universal's "Treasure" is Tuesday maintaining its footing with \$6.7 million after a muted \$12 million debut last weekend. "Treasure" has underwhelmed so far, but its 17% increase over last Tuesday is encouraging, especially for an original animated film with a production budget of only \$70 million. However, here's when you can bring Treasure of Atlantis into your home.

It may be tough but it's not impossible Legging out past \$500 million is plausible on the domestic front (that would be a multiplier of at least 27) and another \$500 million abroad would be a drop of around \$58 million from the original after excluding the
