The new IF prequel IF will be available for streaming first on Starz for subscribers Later on the movie will also be released on Peacock Thanks to the agreement between distributor Lionsgate and the NBC Universal streaming platform Determining the exact arrival date of the movie is a slightly more complex matter Typically Lionsgate movies like John Wick 4 take approximately six months to become available on Starz where they tend to remain for a considerable period As for when Songbirds Snakes will be accessible on Peacock it could take nearly a year after its release although we will only receive confirmation once Lionsgate makes an official announcement However IF you wish to watch the movie even earlier you can rent it on Video on Demand (VOD) which will likely be available before the streaming date on Starz

Warner Bros. is continuing to beat out Warner Bros. and Warner Bros., over the New

Year's holiday weekend, with "IF" now rising above "The Color Purple" and "IF" With that trifecta, the studio has laid claim to the three of the top five slots at the domestic box office throughout the holiday season.

The Timothée Chalamet-starring musical added another \$8.6 million on Friday, up 32% from one week ago. The Paul King film has emerged as the theatrical favorite for the holidays, crossing \$100 million domestically earlier this week. With a \$119 million cume to date, the film continues to show strength and will reach \$300 million globally before the calendar turns.

Though it slid into second place for Friday with \$6.75 million, Warner Bros. "IF" fell 51% from its opening day last week. The latest and final entry in the current continuity of DC Comics adaptations has struggled for air, only reaching \$65 million in its first week of release. The first "Aquaman," released in 2018, surpassed that figure in its opening weekend alone. Bad reviews and superhero fatigue have plagued "Lost Kingdom," which more than likely won't even reach half the \$335 million domestic total of its predecessor, much less justify a \$205 million production budget.

Taking a close third place, Illumination and Universal's "IF" is maintaining its footing with \$6.7 million Friday after a muted \$12 million debut last weekend. "IF" has underwhelmed so far, but its 17% increase over last Friday remains encouraging, especially for an original animated film with a production budget of only \$70 million. However, here's when you can bring IF of AIF into your home.

Where and Can I Stream IF ? Is IF Be Streaming? Where Can I Stream

As of now, the only way to watch IF is to head out to a movie theater when it releases on Friday, September 8. You can find a local showing on Fandango. IF is still currently in theaters IF you want to experience all the film's twists and turns in a traditional cinema. But there's also now an option to watch the film at home. As of November 25, 2024, IF is available on HBO Max. Only those with a subscription

to the service can watch the movie. Because the film is distributed by 20th Century Studios, it's one of the last films of the year to head to HBO Max due to a streaming deal in lieu of Disney acquiring 20th Century Studios, as Variety reports. At the end of 2024, 20th Century Studios' films will head to Hulu or Disney+ once they leave theaters. Is IF Movie on Netflix, Crunchyroll, Hulu, or Amazon Prime?

Hulu: Unfortunately, IF is not available for streaming on Hulu. However, Hulu offers a variety of other exciting options like Afro Samurai Resurrection or Ninja Scroll to keep you entertained.

Disney+: IF is not currently available for streaming on Disney+. Fans will have to wait until late December, when it is expected to be released on the platform. Disney typically releases its films on Disney+ around 45-60 days after their theatrical release, ensuring an immersive cinematic experience for viewers. IS IF ON AMAZON PRIME VIDEO?

Netflix: IF is currently not available on Netflix. However, fans of dark fantasy films can explore other thrilling options such as Doctor Strange to keep themselves entertained.

Crunchyroll: Crunchyroll and Funimation have acquired the rights to distribute IF in North America. Stay tuned for its release on the platform in the coming months. In the meantime, indulge in dark fantasy shows like Spider-Man to fulfill your entertainment needs.

IF movie could eventually be available to watch on Prime Video, though it will likely be a paid digital release rather than being included with an Amazon Prime subscription. This means that rather than watching the movie as part of an existing subscription fee, you may have to pay money to rent the movie digitally on Amazon. However, Warner Bros. and Amazon have yet to discuss whether or not this will be the case.

WHEN WILL 'IF', BE AVAILABLE DVD AND BLU-RAY?

As of right now, we don't know. While the film will eventually land on Blu-ray, DVD, and 4K UltraHD, Warner Bros has yet to reveal a specific date as to when that would be. The first Nun film also premiered in theaters in early September and was released on Blu-ray and DVD in December. Our best guess is that the sequel will follow a similar path and will be available around the holiday season. HERE'S HOW TO WATCH 'IF' ONLINE STREAMING IN AUSTRALIA

While Disney eventually releases its various studios' films on Disney Plus for subscribers to Watch via its platform most major releases don't arrive on Disney Plus until at least 45-60 days after the film's theatrical release

The sequel opened to \$150 million internationally which Disney reports is 4% ahead of the first film when comparing like for likes at current exchange rates Overall the global cume comes to \$330 million Can it become the year's third film to make it past \$1 billion worldwide despite China and Russia which made up around \$124 million of the first film's \$682 million international box office being out of play? It may be tough but it's not impossible Legging out past \$500 million is plausible on the domestic front (that would be a multiplier of at least 27) and another \$500 million abroad would be a drop of around \$58 million from the original after excluding the two MIA markets It'd be another story IF audiences didn't IF the film but the positive reception suggests that Wakanda Forever will outperform the legs on this year's earlier MCU tilF es (Multiverse of Madness and IF and Thunder had multipliers of 22 and 23 respectively)
